

**Date:** 10/12/2022

**Class:** General Chemistry

### Where

Milstein Floor 2

### When

3 PM - 4 PM

### What to Study

Halogens:

- properties
- structure
- reactivity

### Goals

Study key properties of halogens and how they relate to rest of periodic table.

### Method 1

Make a mind map of halogen properties

### Break 1

Stand up and stretch

### Method 2

Compare and contrast halogens to other families on periodic table

### Break 2

Grab a snack

### Summarize

Tell a friend what I know about halogens
